Dear Bayview Families

Fonterra Milk in Schools

Bayview School participates in the Fonterra Milk in Schools programme.

Fonterra Milk for Schools is all about growing healthy kids as milk contains essential nutrients for growth and development. The natural nutrition of milk gives kids calcium for building bones and nutrients they need for sustained energy, concentration and learning in the classroom.

Participation in the programme is voluntary. Students who take part receive a cup of Anchor Lite UHT milk every Monday, Wednesday and Friday. The milk is chilled in a dedicated fridge and every Monday, Wednesday and Friday the students bring their own cup and a glass of refreshing milk is poured for them. All used packaging gets collected for recycling and is made into roof tiles.

For your child to receive milk we require your permission. Please complete the permission slip below and return to the office.

If you would like more information about the programme please visit www.fonterramilkforschools.com. If you have any questions, please contact the school office.

Fonterra Milk in Schools Programme Permission slip
